Lieutenant,

On 02/15/13, a 2 week enforcement history was started and the first email response was made to Ms. Aguilar on 02/16/13. I advised that after the first initial enforcement only 1 vehicle was marked for 72 hrs, that van moved, only 4 citations were issued during the 2 weeks of daily enforcement. The white vans began parking on the private property shopping center lots. **NO** citations were issued since then.

On 03/06/13, I advised the same information. On 04/30/13 only 2 white vans were marked and the same disposition of no vehicles, no violations. The vans are aware of the parking laws and they are compliant.

Ms. Aguilar,

Yes I received your email, I'm sorry I am returning from the flu, but I already assigned an officer to do a two week enforcement history on those vans for the 4 hrs parking. So far only 4 citations for the time limit were issued. The vans are moving after 4 hrs and parking in private parking lots. We are on the second week of tracking now.

The two vans that you cited: They were cited for what violation?

This would be a matter of parking enforcement making sure that they're parking only for 4hrs (and not parking there from 10p to 6a), by marking and coming back to the location. Can you monitor the area frequently?

Captain,

On Friday 02/15/13, I sent an officer out to Sepulveda Eastway, between Sepulveda and 87th and to La Tijera, between Sepulveda Eastway and Manchester.

The signs posted are 4 hrs parking 8A-6P Daily and No parking 10P-6A Daily, there were only 2 white vans at 13:20p and they were marked and 2 cites issued. On La Tijera since there is no

parking at night and its timed during the day maybe the vehicles are parking on the parking lots at that location.

On Sepulveda Eastway by an apartment building one white van was marked for 72 hrs.

Hello Cpt Villarreal:

There is a rental company that parks their vans all along
the Westchester area.

This is the company: <http://www.executive-van-rentals.com/>

Areas are:

Sepulveda Eastway between Sepulveda and 87th ST - both
sides

LaTijera between Sepulveda Eastway and Manchester - both
sides

It's a lot of vans. They're the econoline/passenger style of
vans and are hard to miss. They're all white with black
tinted windows.

I'm not sure what you can cite them for. I think maybe
LaTijera might have a time restriction, but other than that I
think they're violating the 72hr rule.

I'm wondering if you can send someone to assess the
situation?

I think the LaTijera portion might be considered residential
and maybe can be cited for commercial vehicle in a
residential area, but am not sure.

Let me know. Thanks.
